

# EARTHQUAKE RELIEF

We at Women Living Under Muslim Laws (WLUMML) are devastated about the level of destruction, injury, and loss of human lives that has resulted from the earthquake that shook parts of Kurdistan, Syria, and Turkey.

It is clear that people affected by this natural disaster are in dire need of support, particularly those who are in remote areas and we at WLUMML would like to do our part to contribute to the rescue and relief efforts of this tragic disaster.

Please consider donating to some of the organizations listed below:
